TO BRIDGE BUILDERS.
THE LaCrosse & Milwaukee Railroad Co. invite proposals, with plans and specifications, until Wednesday noon, Oct. 15th next, for building a bridge over the Wisconsin river, on the line of their road. This road extends in a north-westerly direction across the State, from Milwaukee, on Lake Michigan, to La Crosse, on the Mississippi River, crossing the Wisconsin River at Kilbourn City in Columbia County. The river, at this point, runs in a rocky bed, the banks of which are vertical rock bluffs to the height of 80 feet above the water, at which point they are at the grade of the line of the road, and about 300 feet apart. The water is about 20 feet deep, having in the middle of the stream, a few feet of sand overlaying the rock bottom. It is proposed to erect two piers about 50 feet from either bank, at which the water is about 5 feet deep at low water, with a clean rock bottom, giving a span in the middle of 200 feet, and two short spans at the ends resting upon the natural rock as abutments. It is desirable so to construct the bridge as to give a wagon way below the R. R. track, passing the latter over the higher section of the bridge. The Company reserve the right to award the contract to any parties, on any plan furnished; but in case of their giving the contract to any builder on any plan furnished by any other person, they will pay to the person furnishing such plan the sum of FIVE HUNDRED DOLLARS, in full consideration of the plans and specifications so adopted.

PERMANENT GLOSS PAINT.
Important Improvement in Painting!
A PERMANENT GLOSS PAINT for interior work has long been a desideratum. All paints prepared from Linseed Oil, will rapidly turn from the lightest and most opposite tints to the yellow color of the oil itself; the change being the more rapid as the paint is excluded from the full light of day.
The subscriber, after a sufficiently long experience in its use, can recommend it as the only Gloss Paint in which this important defect is effectually remedied. This beautiful paint can be applied of any color, from the purest white, resembling enamel or percelain, to all the different varieties of tints, suitable for private dwellings, Churches, Hotels, &c., whilst in brilliancy and richness of surface it surpasses all other paints; it possesses superior advantages in retaining permanently even the most delicate colors with which it is combined.

"FREE LABOR—THE NATURAL CAPITAL WHICH CONSTITUTES THE REAL WEALTH OF THIS GREAT COUNTRY, AND CREATES THAT INTELLIGENT POWER IN THE MASSES ALONE TO BE RELIED ON AS THE BULWARK OF FREE INSTITUTIONS."—John C. Fremont's *Letter of Acceptance.*

NEWS OF THE MORNING.

Numerous items of interest will be found under our telegraphic head. Two of them—the establishment in Delaware of a Republican paper, and the statement that Gov. Reeder has declared his intention of going to work for Fremont, are of special interest.

From Madison we have a very full report of the doings of the day, which were not of any great importance, except for the indication in the action of the Senate that there will be no Apportionment Bill passed. [By the by, we do not see any movement as yet for the General Tax Bill.]

The Exposure of the Plunderers.

We ask no apology for occupying most of our space to-day with about half of the Report of the Committee appointed to investigate the manner of conducting the Treasury and School Land Departments of our State. The remainder will appear to-morrow. We published on Monday a portion of the affidavits upon which the report is based.

The Report is signed *by every member of the Committee*, comprising democrats as well as Republicans, and is the result of a patient examination, continued through several months; and it deserves the careful attention of every man, whatever be his political position, who wishes well for Wisconsin. Such a crushing exposure of a set of men who have ruled the politics of a State for years has never heretofore been made. Taking these things together with the election frauds of last winter, perpetrated by, and for the benefit of, the same set of partizan democratic plunderers, we think that the deeds of the California ballot-box stuffers are thrown far into the shade. The "Forty Thieves" and their allies, of Wisconsin, will furnish a page of the world's history, which, for incompetency for good, industry for evil, wanton and criminal neglect of duty, open violation of laws, and rascality generally, can safely challenge an equal.

As many persons have expressed a desire to obtain copies of this important document, upon one sheet, we shall print on Friday a large extra edition, containing the Report, and the affidavits published on Monday. Those who wish for copies will oblige by sending in their orders *to-day or to-morrow.*

Will you think of it, People of Wisconsin?

The Buchanan Democracy, and the New York Custom House, have at least one organ that refuses to conceal the real designs of the party leaders, and which has so far sold itself, body, soul, and types, to its masters, that it will out with the whole truth. That organ is the New York *Day Book.* We published, some days since, an extract from this paper, advocating boldly the extension of Black Slavery as a blessing, and now we have the *Day Book* going further, and favoring the making slaves of poor white people. Read the following, and call it "regular Democracy," as it is labelled, fresh from the Administration factory:

"Sell the parents of these children into SLAVERY. Let our Legislature pass a law that whoever will take these parents and take care of them and their OFFSPRING, in sickness and in health—*clothe* them, *feed* them, and *house* them—*shall be legally entitled to their services;* and let the same Legislature decree that whoever receives these parents and their CHILDREN, and obtain their services, shall take care of them AS LONG AS THEY LIVE."

A Buchanan Disunionist in Connecticut.—The coolness of these South Carolinians is vastly amusing. "It is as good as a play" to see their members of Congress, who openly advocate disunion, and applaud such outrages as that of Brooks upon Sumner as likely to aid in bringing it about, coming North to make speeches in favor of "Buchanan and the Union." Mr. Orr, of South Carolina, is said to be about to take the stump in Connecticut. Suppose that Foster, Dixon, or Woodruff, should reciprocate the compliment, and go down to South Carolina to speak for Fremont! The idea furnishes a commentary on the love of free speech among the chivalry.

Walworth County Agricultural Fair.—The Elkhorn *Reporter* says of the County Fair, recently held at that place:

We were on the grounds and witnessed the exhibition of stock of the several classes as they passed under the inspection of the committees, and can say truly that the quality and quantity far surpassed our most sanguine expectations, and we have heard but one unanimous expression from those who were present, and with whom we have conversed. It is that the Walworth County Fair gave evidence of more enterprise, more thrift, and agricultural interest than they had observed anywhere in the West, not excepting many state societies. That this society presented a better show than county societies in the east.

There were many from abroad to visit the exhibition, and these confirmed these encomiums in the warmest terms.

Well Done for Clark Co.!—Last fall Clark County in this State gave but 7 Republican votes "One of the seven" writes to the LaCrosse *Republican* as follows:

On the first day of September an election came off in Clark Co., for the office of County Judge, and Richard Dewhurst, (Republican) was elected by a handsome majority, over Mr. Blakesley, (Dem.,) whilst last fall only seven Republican votes could be raised in the county. Success to old *Clark Co., Kansas* and *Fremont.*

Some people who have not watched the progress of things in the counties North and West of the Wisconsin river, will be astonished when they hear the Fremont thunder from there in November next.

A Card of Thanks.

The Kansas Aid Society tender their thanks to the generosity of Messrs. Kellogg & Strong for furnishing a free passage to Chicago of the 43 Kansas Emigrants, who left here on Monday night.

Prize Campaign Song.

Some weeks since the New York *Evening Post* was authorized to offer prizes of $100 for two of the best campaign songs in English and German, and Parke Godwin, Geo. W. Curtis, and Fred. W. Rakemann were appointed a committee to make selections. The committee report that they have received about one hundred and fifty contributions, which were sent in from nearly all parts of the Union, from Bangor on the North to Charleston, South, and Milwaukee, West, and award the prize for the English song to Charles S. Weyman, of New York. Here it is:

Fremont and Victory.

BY CHARLES S. WEYMAN.

AIR—"*Suoni la Tromba.*"—Puritani.

I.

Men of the North, who remember
The deeds of your sires ever glorious,
Join in our pæan victorious,
The pæan of Liberty!
Hark! on the gales of November
Millions of voices are ringing,
Glorious the song they're singing,
Fremont and Victory!
Hurrah!
Join the great chorus they're singing,
Fremont and Victory!

II.

Come from the forest-clad mountains,
Come from the fields of your tillage,
Come forth from city and village,
Join the great host of the free!
As from their cavernous fountains
Roll the deep floods to the ocean,
Join the great army in motion,
Marching to victory!
Hurrah!
Echo from ocean to ocean,
Fremont and Victory!

III.

Far in the West rolls the thunder,
The tumult of battle is raging,
Where bleeding Kansas is waging
Warfare with slavery!
Struggling with foes who surround her,
Lo! she implores you to stay her!
Will you to Slavery betray her?
Never—she shall be free!
Hurrah!
Swear that you'll never betray her;
Kansas shall yet be free!

IV.

March! we have sworn to support her
The prayers of the righteous shall speed us,
A chief never conquered shall lead us—
Fremont shall lead the free!
Then from those fields red with slaughter,
Slavery's hordes shall be driven,
Freedom to Kansas be given;
Fremont shall make her free!
Hurrah!
To Kansas shall freedom be given;
Fremont shall make her free!

V.

Men of the North, who remember
The deeds of your sires, ever glorious,
Join in our pæan victorious,
The pæan of Liberty!
Hark, on the gales of November,
Millions of voices are ringing,
Glorious the song they're singing,
Fremont and Victory!
Hurrah!
Join the great chorus they're singing,
Fremont and Victory!

E. Vitalis Scherb, of Boston, was the successful competitor for the prize of $100 for the best German song, which is entitled "*Freiheitslied der Deutschen Republikaner.*" It will, no doubt, be published in all the German papers that go for Freedom and Fremont.

A Sign in the West.—Missouri, in the election of Mr. Blair to Congress, has already given one sign of progress in the right direction, and now we have another. At an election just held for Alderman in the 5th ward of the city of St. Louis, the following was the result:

Amadee Vallee, (Rep.)	319
Charles Fritz, (Border Ruffian,)	158
Sol. J. Levi, (K. N.)	89

Who Mr. Vallee is, let the Border Ruffian *Republican* tell. That paper, on the day before election said:

"Fourth Ward.—The election in the Fourth Ward to-day, will excite some attention from the peculiar circumstances attending it. For the first time a candidate is presented who is an avowed Black Republican—he is for Fremont—[as this is Mr. Vallee's avowal, there can be no harm in saying so.] He is supported by the *Anzeiger* and by the St. Louis *Democrat*, and the test of strength of Black Republicanism in the 4th Ward is to be made to-day.

Attempted Swindle.—A man calling himself J. M. Pettibone on Monday of last week obtained a large quantity of goods in Chicago, paying for them with bogus checks on one of the banks in that city. Before all the goods were shipped, it was found that the checks were good for nothing, and the swindle was stopped. The man represented himself as belonging to the firm of Pettibone & Co., of Portage City, but none of that firm have any connection with the matter. The swindler has not been found.

Waukesha County Fair.—The Milwaukee & Watertown R. R. Co. we understand, will carry at half fare to-day and to-morrow, those who wish to attend the county fair at Oconomowoc.

The Canvass in Pennsylvania.

Of the opposition members of the present Congress, the following have been nominated for re-election: Messrs. Millward, Bradshaw, Campbell, Kunkel, Todd, Roberts, Edie, Knight, Ritchie, Purviance, Covode, Dick and Grow. In the districts represented by these gentlemen, all the elements of opposition are combined in their support, and we anticipate the re-election of all. Mr. Bradshaw has a hard and close district, so to some extent is Mr. Knight's; and Mr. Campbell's is the most doubtful of all; the candidates in the others, we think, will experience but little difficulty. In Mr. Pearce's district no candidate has yet been named, but it is probable Gen. Hale, of Center, will be the nominee; the present member declines on account of illness. In Mr. Robinson's district, Joseph Pomroy, of Juniata, is the nominee, and will probably be elected. In Mr. Packer's district, our friends expect to run a volunteer candidate, and they are also confident of electing Mr. Myers in Barclay's district. In the Chester district, also, the Fremont men will doubtless succeed in running John Hickman out; and in Cadwallader's district there is a fair show for the election of Mulvaney, the opposition nominee. The election of either of the four last named would be a gain to our side. The Philadelphia districts are still in doubt, but we believe the exercise of a proper spirit will enable the friends of Free Kansas to carry them all.

According to this view, the only district *sure* to the Buchaniers is that of J. Glancy Jones—the Berks district; and in any event, we do not see how the new delegation can be less favorable to us than the present one.

The October election in this State is one of vast importance. Upon the Legislature to be chosen will depend the choice of an U. S. Senator in place of Brodhead; there are also three State offices to be filled; and the Congressional election is, of itself, of vast moment. In the excitement about the Presidency, let us not forget the preliminary battle. So far, in all the districts out of Philadelphia, there has prevailed a kindly feeling of conciliation and harmony, which cannot fail to lead us on to victory, if we rally our forces fully at the October election.—*North American.*

The Balloon Ascension.—The ascension of Prof. Brooks last Saturday at this place, was made in the presence of a vast number of people. He lacked some 6,000 feet of gas, in filling his balloon—which was of great capacity—holding 20,000 feet. He ascended, therefore, slowly, but easily and gracefully. As he rose he was taken by a current of air that swept him off in a South-Easterly direction. At some distance upward he met a current which took him with great rapidity to the East.

He was in the air a little over an hour, and landed two and a half miles from Fulton—28 miles distant! He returned to this city on the cars, Saturday evening.

He describes the view from overhead, one of the most beautiful in the world—the mingling of lake and stream with prairie and forest, causing it to look like some exquisitely apportioned garden of vast extent, rather than a scene of untutored nature.

This is Professor Brooks' twelfth ascension this year. He has not made a single failure.—*Madison Democrat.*

Insurance on the Property Destroyed at the Fire.—We learn that Messrs. Vanolinda & Gale were insured on the charges on goods in their warehouse, to the amount of $4,000 in the Liverpool and London Company, $2,000 in the Etna, and $1,000 in the Home.

Mr. Pomoroy was insured $25,000 on his grain in the Chicago Mutual, Garden City, Washington of Providence, and Etna.

Mr. Pomeroy, it is said, had not less than 90,000 bushels of grain in his warehouse, and over and above his insurance his loss is some $12,000.—*Chicago Dem.*

Railroad in Richland County.—By an advertisement, under the signature of Edward H. Broadhead, we learn that on and after the 18th day of September, instant, trains will leave Lone Rock, in this county, daily, at 6:30 in the forenoon, and arrive at Madison in time to connect with the 3:10 afternoon train for Milwaukee and all eastern points. This is certainly good news for our people. They will now no longer be compelled to submit to the slow and tedious trips to Madison by "the wagon" as in the past. We joy at our good fortune, and hope the day is not far distant when the whistle will echo up and down the valley of the Pine, as the engine traverses its iron path.—*Richland Co. Observer.*

Investigation of State Affairs.

REPORT,

IN ASSEMBLY SEPTEMBER 12, 1856.

The Joint Committee of the Senate and Assembly, appointed to examine the books in the offices of the State Treasurer, the Secretary of State, and School and University Land Commissioners, and to carry such examination back to the commencement of our State Government, respectfully

REPORT:

That they have made a full, thorough and careful examination of the books and papers of the several offices above mentioned, relating to all transactions prior to January 1st, 1856, and have taken such testimony as they could obtain relevant to the subject matter of the investigation.

From the time of the appointment of the Committee in February, to the close of the session of the Legislature, the last of March, but little progress was made in the investigation, on account of the inconvenience arising from the fact that the books of the School Land Office were required to be kept most of the time in the office during the hurry of business; and, also, from the fact that no convenient room could be obtained for the accommodation of the Committee, until after the adjournment of the Legislature.—As soon, however, as the session closed, the Committee employed as many clerks as could be employed to advantage on the work, with the view to prosecute the investigation with as much dispatch as would be consistent with the proper discharge of the responsible duty imposed upon them by the Legislature. The amount of mechanical labor required to be performed to enable your Committee to examine fully all the books of the several departments, has been very great. It was found necessary to transcribe all the sales books in the School Land Office, in order that we should have our own books to work from; and it was also found necessary to recast the interest on all sales of lands for each year, from the time of the purchase to January, 1856, in order to ascertain, with some degree of certainty, the amount of money paid into the Treasury, arising from the sale of School and University Lands.

Owing to the loose and careless manner in which the books in the offices of Treasurer and School Land Commissioners have heretofore been kept, the prosecution of this investigation has been greatly retarded, the labors of the Committee much more onerous, and the time necessarily expended much more extended than it would have been, had the books been kept in a correct and systematical manner. In the School Land Office, in particular, the books are disfigured and defaced with erasures of names and figures and other names and figures substituted, with interpolations, remarks and alterations which in many instances rendered it impossible to ascertain either the original entries, dates, or the amount of principal and interest originally paid.

The entries in the Journal of the Treasurer were made without any regularity of date; entries being made for instance, as late as July or August and then going back to January of the same year. This confusion of dates increased to a great extent the amount of labor necessary to be performed. The vouchers of the Treasurer were found in great confusion. There was no arrangement either of name or date, but they were thrown into one confused mass. These, extending through a period of eight years, had to be arranged and compared with the corresponding entries on the Journal of the treasurer. Many of the vouchers are missing, and many of those laid before the committee as vouchers were rejected because they afford no evidence of the payment of money to any person. A list of missing and rejected vouchers is hereto annexed, marked "B."

The rule adopted by the committee in relation to these vouchers in connection with the settlement of the Treasurer's account was, to allow the Treasurer credit for all appropriations which had been made by the Legislature, even though there should be no voucher, or only a defective one for the payment. It may be proper here to call the attention of the legislature to a practice which has prevailed to some extent, arising out of the present defective system of auditing accounts against the State. The practice alluded to is that of the auditing officers—the Secretary of State or his assistant, after auditing and allowing accounts, drawing and receipting the amount of the same, for the persons to whom it purports to belong. This practice is liable to gross abuse and should be corrected at once. It appears that money has been drawn from the Treasury in several instances without authority of law.

The Legislature of 1855 refused to make any appropriation for the payment of clerks in the school land office. It seems by the testimony of Messrs. Janssen and Seaver, that after the adjournment of the legislature, the Secretary of State (Mr. Gray) and the Attorney General (Geo. B. Smith) made an arrangement, authorizing Walter H. Besley to draw on the Treasurer for the sum necessary to pay the salary of the clerks. Mr. Besley in accordance with this arrangement drew his order on the Treasury and overdrew the amount due to the clerks in the sum of nine hundred dollars, or thereabouts, (see list marked "A."

It would seem from the testimony of Mr. Janssen, that this arrangement was made in his absence, with Mr. Seaver the assistant treasurer, and that the amount overdrawn has never been refunded by Mr. Besley. It is, however, but right to state that Mr. Besley denied this when before the committee, and stated that he had settled his account with the treasurer and had a receipt in full from him, which he promised the committee to produce before them, but he did not do so. It will be seen, moreover, by the testimony of Messrs. Habich, Seaver and Halpin, that the state officers and clerks were allowed to take money from the treasury in anticipation of their salaries, leaving no other evidence of their indebtedness, than a slip of paper, upon which was written, "Good for ——— dollars," mentioning the amount taken and then signing their names to it. Mr. Halpin also testifies that Seaver has frequently lent him money from the treasury, on his duebill. To what extent this practice has prevailed, your committee have not been able to ascertain. It appears, by these statements of Janssen, Seaver and Mr. Kuehn, the present State treasurer, that, after the defalcation of Janssen was discovered, Governor Barstow gave Janssen his note or duebill, payable to Mr. Kuehn, for seven hundred and twelve and 92-100 dollars, which was received by Mr. Kuehn as cash, and placed to the credit of Janssen. There seems to be some difference of opinion between Janssen and Seaver as to the consideration of this duebill. Janssen swears that it was given for lands purchased by W. H. Gleason, but Seaver thinks it was given for money had on "slips" or "goods" from the treasury, and for the payment of money due on school lands, bought in the names of Peter G. Jones and W. H. Gleason at the November sales of 1855.—Gov. Barstow also makes a statement in relation to this transaction, which is herewith submitted.

Subsequently to the first examination of Mr. Seaver before the committee, and after the statement of Gov. Barstow was made to the Committee, Mr. Seaver requested that he might be re-examined. On the second examination, as will be seen by his affidavit hereto annexed, marked "2," he thinks that this duebill was not given for land purchased by Gleason.

Your Committee would also call the attention of the Legislature to an other reprehensible practice which prevailed in the treasurer's office, in the acceptance of drafts by the treasurer drawn by parties either having an appropriation, or in anticipation of one. Under this system mistakes have doubtless occured, by the payment of both the acceptance and the appropriation. It would appear that in this way an overpayment was made to Schoeffler & Wendt of eleven hundred dollars, and to Mr. Fratney of Milwaukee five hundred and fifty dollars. Mr. Seaver seems also quite positive that he overpaid Andrew Proudfit one thousand dollars, but Mr. Proudfit, as will be seen by his testimony, is as confident that Mr. Seaver is mistaken.

The treasurer also paid Brish Brown three thousand dollars without any authority of law, on the certificate of the Secretary of State that Brown had done work to that amount. Among the vouchers in the office of the treasurer the Committee found an engraved draft and acceptance of which the following is a copy:

"John Warren Hunt, Madison Wis. 23d Oct. '55.
On the fifteenth of December next, at State Bank pay to the order of Andrew Proudfit five hundred and forty-eight dollars 50, value received.
JOHN W. HUNT.
To the State Treasurer of Wisconsin, Madison, Wis.",

Across the face of the draft is written "Accepted E. H. Janssen, State Treasurer, by D. M. Seaver, asst."

The draft is endorsed by Andrew Proudfit in blank, and from the fact that it was among the vouchers in the office the presumption is that it was paid at the Treasury. There is no amount on the Treasurer's book corresponding with the amount of the draft, and the Committee are satisfied that it never was entered on the books. Mr. Proudfit stated to the Committee that he had no recollection of the circumstances in relation to it. Dr. Hunt says in his testimony, that this draft, with two others of the same kind, in all amounting to about $1200, were accepted as payment for that sum which was due Mr. Halpin on appropriations, and that the sum for which the drafts were accepted, was included in a receipt given by Halpin to the Treasurer, for the sum of $2,875 at the time the drafts were made.

The testimony of Mr. Habich, who was a clerk in the office of the State Treasurer while Mr. Seaver was Assistant Treasurer, gives some idea of the manner in which the business of the office was conducted; and, taken in connection with the statements of Mr. Halpin and Mr. Martin, shows that while Mr. Janssen was absent from Madison, called home by the sickness of his family, Mr. Seaver, who was under no bonds for the faithful performance of his duty, was not only grossly inattentive to the duties of the office, but his habits were such as totally unfitted him to discharge them. It seems that he was frequently found in the office in a state of intoxication, with the doors of the vault open—sometimes other persons not connected with the office were with him—that upon two occasions he went into the office in the night time, and opened the vault.—That on another occasion he was found in the vault with another person, looking at the money, both of them intoxicated. These things were well known to persons about the Capitol. And it seems, moreover, that there was reason to suspect, from what was publicly said in the streets, that on one occasion when Mr. Seaver went into the vault of the Treasury at night, on that same night he lost several hundred dollars at the gaming table. It was also known that liquor was kept in the vaults. It is a matter of utter astonishment that such a state of things should have been permitted to continue for a day, and the question which naturally presents itself to any person is, was there no one to exercise any authority in this matter? no check to the gross and improper conduct of one who had the sole charge of the monies of the State?

It seems also to have been known to several of the witnesses that Mr. Seaver was in the habit of speculating in school lands, in direct violation of the law which precludes the commissioners of school and university lands from purchasing any of said lands, either in their own name or in the name of any other person. (See sec. 54 chap. 24, R. S.)

It may be said that Mr. Seaver was not a commissioner; yet he was acting as commissioner, and the reason and policy upon which the law was founded would preclude him and all the clerks in the school land office, as well as the commissioners. The principal object of the law was unquestionably to prevent persons having ready access to the books taking advantage of their position, to the injury and exclusion of those who might desire to purchase land for their own use. And yet, if the testimony of Messrs. Janssen, Seaver, Powers, Habich, Halpin, and Byrne is to be believed, not only the spirit but the letter of this law has been constantly violated.

Mr. Byrne admits in his examination that he was in the habit of using the name of Mr. McKinnon in entering school lands, and asserts that he did it by permission from the Attorney General. Mr. Besley admits that he entered lands for his own use in the name of Mr. Daniel Howell. Mr. Seaver swears that Dr. Hunt, Assistant Secretary of State, was in the habit of entering land in the name of Gleason and Chandler, and that he has seen Chandler assign over certificates to Hunt. Dr. Hunt contradicts this statement of Mr. Seaver's, so far as it relates to himself, as will more fully appear by his affidavit. Mr. Daniel Howell and Mr. Gleason both swear that they authorized no person to use their names in these entries, and had no interest whatever in these lands. It will be seen by the annexed list of entries of school land, that large quantities of land have been entered in the name of Mr. Howell, Mr. Gleason, Mr. McKinnon, Mr. Chappell, and Mr. Chandler, which shows in some degree the extent to which this system of fraud has been carried. There are other names which have undoubtedly been used in this way quite as extensively, but the committee could not, without great expense and delay, bring the witnesses before them.

The wisdom of the law which intended to prohibit these transactions, will not be denied when their legitimate fruits are laid before the people of the state.

It was unquestionably the practice, as appears from the testimony of Charles Hugins, of some persons in the office of the commissioners, to mark land "sold," or "reserved from sale," to enable parties interested in the purchase, to explore and examine them before the purchase was made, thus affording those in the office, or such of their friends as they might desire to favor, not only a great advantage over outsiders, but investing them with an arbitrary power, which was used to the direct injury of those who may have applied for the lands before the purchase was consummated.

This matter was presented to the attention of the committee by the appearance, in several instances, of marginal notes on the sales book, in pencil, to the effect that the lands opposite which the note was made, were reserved from sale for the accommodation of the person named. As an instance we will mention, that on the sales book in the office of the Commissioners of School Lands, opposite sections 21 and 22, in town 25, range 18, in the county of St. Croix, there is an entry in pencil, which Mr. Habich thinks is in the hand writing of Daniel Seaver, in the following words, viz; "To be kept for Wm. A. Barstow." This land was subsequently purchased in the name of Agustus Story in February in 1854. The book in which the entry is made to Story was copied from a book of previous date, and opposite his entry in pencil rather indistinctly, written also in pencil, "kept for W. Brewster." There must have been a difference of some months between the first entry in pencil, and the date of the entry of Story's name on the books, for the first book was opened in 1851 and this land must have remained on the book a long time before the entry of Story's name.

It will also be seen that Mr. Frary, a clerk in the School Land Office, testifies that in March 1855 while the bill limiting the amount of School lands to be sold was pending in the Legislature, and before its passage, he took pains to mark some of the lands now standing on the School Land books as sold to Daniel Howell—as sold to him at that time, and that he did so by direction and under the authority of persons who had the control of the sale of School Lands, but declined to state which of them gave him those directions.

It is apparent that entries of names were frequently made on the sales book originally in pencil and afterwards the same name entered in ink. The object of this becomes apparent after reading the testimony of Capt. Hugins, who was for some time a clerk in that office.

By the sales book it appears that on the first day of May, 1854, James Ludington purchased the 16th section in Town 23 Range 22 in Brown County, at from ten to fourteen shillings per acre, and $1,83 added on each lot for expense of appraisal. Upon this purchase Mr. Ludington paid ten per cent. of the purchase money, and the interest to January 1, 1855, amounting to the sum of $169,40, leaving unpaid $889. On the 8th day of January, 1855, while the certificates of Ludington were still out, uncancelled and uncalled, Mr. W. H. Besley, chief clerk in the School Land Office, purchased the same land in the name of Daniel Howell for twelve and one-half cents per acre, and $3,86 on each lot for expense of appraisal, making the whole purchase money for the section $141,76; upon which sale certificates issued to Daniel Howell, and upon which there purports to have been paid by the sales book eighty three cents per lot, and interest to January 1, 1856; but upon which there does not appear by the books of the treasurer and Secretary of State to have been anything paid. By the Patent book it appears that on the 14th day of September, 1855 a Patent for the whole of this same section issued to W. H. Besley, without the payment of a dollar, and while thirty two certificates were out and uncancelled, and while Ludington, or the holder of his certificates, was still paying interest on the purchase money for this same land.

Here was a direct and palpable violation of the law by a person holding a responsible position in the school land department.

Section 24 of chapter 24 of R. S., provides, that when full payment shall have been made for any such lands, as required by law, and the purchaser or his legal representatives, shall produce to the Commissioners the duplicate certificate of sale with the receipt of the State Treasurer endorsed thereon, showing that the whole of the principal and interest due thereon has been paid, and that the holder of such certificate is entitled to a patent for the lands described thereon, the original and duplicate certificate shall be cancelled and a patent from the State for the land described in such certificate, shall be issued by the Commissioners to the person or persons entitled thereto; which patent shall be signed by the Governor and countersigned by the Secretary of State, and the great seal of the State thereto affixed. Sections 32 and 33 of the same chapter provide, that whenever a person shall desire to purchase any land, he shall make application to the Secretary of State in writing for the lot or tract which he proposes to purchase, and that the application shall be filed in his office.

The Secretary of State shall then enter on a book to be kept for the purpose, a note of every such application, specify the day when made, the name of the applicant, and the description of the land applied for, and shall also give to such applicant a memorandum stating such application, and describing the tract or lot of land specified in his application, and stating the price at which the same may be had, and the amount to be paid at the time of sale, which memorandum shall be signed by the Secretary. The applicant shall then produce such memorandum to the State Treasurer, and pay to him such sums as shall be required by law to be pre-paid. The Treasurer shall then give a receipt therefor to the applicant, and shall make out, execute and deliver to such person a duplicate certificate of sale; in which he shall certify the description of the land sold, the sum paid and the amount remaining thereon, and that if it shall be duly discharged, the purchaser or his assignee shall be entitled to a patent for such land, and the original and the duplicate certificate shall be properly numbered and signed by the Treasurer, and countersigned by the Secretary of State, and the original shall be filed and recorded in the Office of the said Treasurer; and no certificate unless the duplicate shall be so signed, shall be valid in law. Section 36 provides that upon presentation to the Secretary of State of the duplicate certificate and the receipt for the purchase money required to be pre-paid, he shall countersign and deliver the same to the purchaser and make a note thereof in the book of entries, stating the sum paid, and the amount of purchase money due. Section 38 of the same chapter provides that upon countersigning the receipt or other writing, the Secretary shall charge the Treasurer with the amount received by him as therein mentioned, and shall enter the name of the person paying the same, the number of the certificate upon which the amount shall be paid, and the time of payment. It will here be seen that the Legislature endeavored to guard closely against the improper issue of certificates and Patents, without the prepayment of the amount required by law.

Section 10 of Chapter 24 R. S. provides that not less than ten per cent of the purchase money and interest on the balance from the date of purchase to the first day of January next following, shall be prepaid on all School and University lands sold. This law has been repeatedly violated by the issue of certificates to clerks in the Office, and others, without the payment of any portion of the amount required by the law. Mr. Besley admits in his testimony that he did not pay for the Patent which was issued to him for Sec. 16, Town 23, Range 22, but he says that he knew nothing of the previous sale of this Section to Ludington. This is very strange, when he was Chief Clerk and had frequent occasions to examine, and refer to the books in the office.

It will be seen by his testimony that he states that at the time Ludington purchased this section, it had not been appraised, and that it was not appraised till some time in 1854. That he examined the books and papers in the office, and could find no other appraisal of the land than that at one shilling per acre. It is rather remarkable that in his examination of the books, and search for the appraisal, he should not have found that the whole section had already been sold to Ludington at an appraised value of from ten to fourteen shillings per acre. The committee find a small book without any verification, oath or certificate, or even a signature, purporting to be an appraisal of this section at one shilling per acre. Had this appraisal been sworn to, and certified according to the provisions of the statute, it would have been void as to this land, for sec. 11 of the act approved March 15, 1852, providing for the appraisal of school lands in counties therein named, is as follows, viz:—"No lands mentioned in this act shall be appraised or sold at a less sum than one dollar and twenty-five cents per acre." And the act approved March 19th, 1853, "An Act in relation to School Lands," provides that all school or university lands that shall remain unappraised shall be appraised in the manner provided by the act approved March 15th, 1852.

It follows, then, that the pretended appraisal of 185 , at one shilling per acre, was void, not only because there is no evidence that the appraisers were sworn, and that the appraisal is not signed or certified, but because it was a flagrant violation of the law. And it would seem that there must have been an appraisal of this section previous to the purchase of Ludington; else how could the figures have been obtained for which it was sold to him? These figures are $51,83, $61,83, and $71,83, opposite each lot, the $1,83 probably added as usual to the appraised value for expense of appraisal. Williams, a clerk in the office, in his testimony, says that the fact of the figures being there, and being carried out opposite each lot, is evidence that it had been appraised, for they only could have been obtained from the appraisal. In the sales-books they are put down under the usual heading, "Appraised Value," May, 1854, the date of the Ludington purchase. This appraisal cannot be found and was probably destroyed. At all events, it is somewhat remarkable that Mr. Besley, who, from his position as chief clerk in the office of the commissioners of school and university lands, might be supposed to have some regard for the best interest of the school fund, should have been willing to enter this land for his own use at one shilling per acre, when it had already been sold for twelve times that amount.

The committee recommend that the patent (709) and the certificate to Daniel Howell for this section numbered from 102 to 107, both inclusive, be recalled and cancelled.

In connection with this subject, it may be well here to allude to the manner in which the business of the office of the commissioners has been conducted.

The testimony of Messrs. Powers, Seaver, Byrne, Habich and Huggins, shows, beyond a question, that the whole business of the office was transacted, not only without system, but in a grossly careless and negligent manner, and without regard to law. By the law as heretofore cited, it seems it was the intention of the Legislature that the countersigning of the certificates by the Secretary of State should be a check upon the issue of certificates without pre-payment of the amount required by law. But it appears that the Secretary of State, Attorney General and Treasurer were in the habit of signing large quantities of certificates in blank, and leaving them in the hands of the clerks in the school land office, to be filled out as occasion might require.

These certificates after being signed and countersigned in blank, were left in the office where every one had access to them; they were not even locked up. For the purpose of enabling parties holding these certificates to have them recorded, the law provides that they may be acknowledged. The clerks in the office were in the constant practice of filling out the certificates of acknowledgment and signing their names as Notaries, without their having been acknowledged by either of the Commissioners.

Mr. Byrne, a clerk in the office, says that it was customary, while he was there, to deliver certificates of School Lands to certain parties, on their promising to settle with the treasurer for them, and that they had no means of knowing whether they were paid for. He moreover says that clerks employed in the several State Departments usually kept a deposit with the treasurer to meet any amount which might be due for certificates taken by them, and that they usually took their certificates, and said they would settle with the treasurer for them, but he did not know whether they did so or not.

It cannot be a matter of surprise that under such a state of things, with such practices prevailing, in express violation of law, there has been a large issue of School Land certificates upon which nothing has ever been paid. This is the case with many of the certificates issued in the names of Daniel Howell, Wm. Chappel and E. H. Gleason, in which land, it appears, the clerks and some of the acting commissioners were directly interested.

It will be recollected that the certificate specifies the amount paid, and is in the hands of the holders an acknowledgement on behalf of the State that the amount required to be prepaid, with interest to the following January, has been paid. The subsequent interest upon many of these certificates has been paid, and many, if not all of them, are now undoubtedly held by *bona fide* purchasers without notice of their fraudulent issue.

It will be an important question for the consideration of the Legislature as to the action to be taken in relation to them. They were issued in violation of law, but the subsequent holders had no means of knowing that fact, as they were fair upon their face. The amount of loss to the School Fund arising from this source is ($16,245,94) sixteen thousand two hundred and forty-five dollars and ninety-four cents, as will more fully appear from the table hereto annexed marked "G."

While it appears from the testimony that the rule of the Commissioners in relation to enforcing the payment of penalties was in accordance with the requirements of law, which provides that in case of a failure to pay interest on a loan, or on money due on sale of school land within the time specified by the statute, the party so failing shall forfeit and pay to the State five per cent. of the principal sum due, there appears a large deficiency in the Treasury, arising either from the non-payment of these penalties, or from the amount collected not having been entered on the Treasurer's books, and credited to the State. The amount of loss to the school fund from this source is twenty-three thousand six hundred and seventy-eight dollars and seventy-seven cents, which will more fully appear in the accompanying table, marked "K."

It is said by some of the clerks in the office that it was not unusual in the hurry of business, for persons desiring to pay interest near the expiration of time prescribed by law for the payment, to make a deposit of money with the Treasurer for the payment of the interest due, and that the receipts were made out subsequent to the expiration of the time. This may have been so, but the committee was governed by the books of the treasurer, presuming that they were correct as to the dates. It would have been an easy matter to have made the time of payment appear on the books, if the payments had been made in time. The practice of making deposits is one under which the law might easily have been evaded, and should not be allowed in any case. The filling out a blank receipt could occupy but little more time than taking the deposit and putting it in the vault.

In some cases which came to the knowledge of the Committee, the penalty was paid by the party, but no entry of the amount was found on the Treasurer's books. This was so in the case of Andrew Proudfit, where it appears a penalty attached of some twenty-five dollars, which was not found credited to the School Fund, but which he says he paid, and for which he took a receipt from the Treasurer or his assistant. The Committee could not take testimony from all the parties from whom it appeared that penalties were due. They could only be governed by the books.

The books in the office of the Commissioners show that these penalties attached, and that the parties were liable for them, but the amount is not found on the books in the Treasurer's office, nor is there any evidence that it was paid, except the presumption arising from the testimony of Messrs. Janssen, Besley and Keuhn, which goes to show that the practice was to enforce payment.

There is no doubt in the minds of the Committee that penalties to a large amount attached for the nonpayment of interest on sales of school land in which some of those engaged in the several offices of the State Departments as Clerks, were interested. Whether paid or not in either case, the loss to the School Fund is the same.—Mr. Janssen in his statement before the Committee swears that he received of Mr. Byrne in Feb., 1855, the sum of $407,81 on stubs which had already been entered on the Treasurer's books and charged. This was for interest and principal required by law to be prepaid, on lands purchased long before the time they were paid for, as appears by the date of some of the stubs, (others of them were not dated,) and may have been for certificates issued the year previous.—Mr. Janssen thinks, as the amount of these stubs had been charged to him on the Treasurer's books, before the payment by Byrne, that other amounts have been charged in the same way and never paid.

It may be so and probably is, but there is no way of ascertaining the amount. So long as the clerks were permitted to engage extensively in buying and selling school lands by those to whose care the people had entrusted them, these frauds were to have been expected, and are the direct result of the allowance of such practices. After Mr. Byrne had been once examined by the committee in relation to the entry of lands by himself and others, Mr. Geo. B. Smith, the former Attorney General, requested the Committee to permit Mr. Byrne again to appear before them, and explain his former testimony. As Mr. Byrne also expressed a desire to be again heard, the committee re-examined him, as will appear by his affidavit herewith submitted marked "2." In the first he stated that the Attorney General gave the affiant permission to enter lands. In the second one he says that while he was a clerk in the office he had permission from all the commissioners to enter school land. That subsequently the Attorney General found he had entered a large quantity and objected to it, and told him he ought not to have bought too much, and said that when he, Byrne, asked permission to buy, he supposed he only wanted to buy 160 or 320 acres.

Mr. Byrne then told Smith that he had a perfect right to buy school lands, and if the Commissioners considered it wrong or inconsistent with his duty as a clerk, he was willing to be discharged. Mr. Byrne says that after this he was permitted to retain his position in the office more than a year. Mr. Frary also stated that the Clerks entered lands by permission of the Commissioners. The fact that the Attorney General objected to the entry of these lands by Byrne, is evidence of the view which he took, of the impropriety of his so doing under the law prohibiting the Commissioners of School and University Lands from purchasing any of said lands. This view, undoubtedly was, that the agents or clerks had no right to do what Commissioners could not do. And as the Attorney General knew that Mr. Byrne had been guilty of entering large quantities of land, it is certainly remarkable that he was retained in the office, especially as Mr. Byrne intimated to him that he should continue to violate the law, which he did do by subsequently entering large quantities of land. This not only brings home to the Commissioners a knowledge of these transactions, but shows a willingness on their part that they should be continued.

Fever and Ague Cured

WITHOUT USING QUININE, Arsenic, Mercury, Opium, or any of the poisonous drugs, or dangerous compounds generally resorted to by sufferers from this long drawn, most afflicting and annoying of all diseases, by resorting to Carter's Spanish Mixture, which contains none of the above deleterious substances, but cures effectually and fully by acting specifically on the Liver and Skin, Purifying the Blood and expelling the remains of old medicines with which the system has been clogged, opening the pores of the body, and allowing nature to assist itself in breaking up the disease, and recuperating its energies.

See the cure of Mr. John Longdon, of Va.; he had fixed and chronic Ague and Fever; chills twice a day for three years. Nothing permanently cured him until he tried Carter's Spanish Mixture, three bottles of which restored him to health; nor has he had a chill since. He is only one out of a thousand who has experienced the life renewing effects of this valuable purifier of the blood.

VOLUME XI. MILWAUKEE DAILY SENTINEL, WEDNESDAY MORNING, SEPTEMBER 17, 1856. NEW SERIES.

INSTRUCTION.

ENGLISH AND MERCANTILE ACADEMY,

No. 40 Wisconsin Street, Milwaukee, Wisconsin.

THE PRINCIPAL RESPECTFULLY informs the Public that the fall Term of his School commences, Monday, 15th September, 1856.

This Institution has been in successful operation for seven years. The Academic year comprises 4 terms of 11 weeks each, the first commencing on the 2d Monday of September.

The last term closed on the 25th inst. The whole number of students for the year was 845, of whom 64 were females and 75 were gentlemen in the Book keeping Department.

Four Assistant Teachers are employed during the Fall and Winter Sessions.

PRIMARY DEPARTMENT.

A competent Female has charge of this department, and children are received at any age.

THE LADIES' DEPARTMENT

Is under the superintendence of Mrs LARIGO. Young Ladies recite in Prof. L.'s classes in English Grammar, Rhetoric, Composition, &c., and are taught a neat and fashionable style of Writing. Instruction is given in Embroidery, Drawing, Music, Latin and German, and scholars are taught to read, write and converse in French daily.

C F L takes pleasure in announcing to his friends and patrons the prosperity of this department during the past year. He pledges himself that it will be his constant aim to secure the greatest amount of intellectual and moral improvement, to those entrusted to his care.

COMMERCIAL DEPARTMENT.

This department is under the immediate charge of Prof. Larigo. Instruction is given in all the branches of a thorough English and Commercial Education, including the Higher Mathematics, French, Latin and German Languages, and is designed to prepare youth for college or for business life. Perfect facilities are afforded to young gentlemen for acquiring, in the most expeditious manner, a thorough knowledge of Commercial Science as practically employed in the Counting Rooms and Business pursuits generally.

The Fall course embraces the most approved and practical forms for keeping Books by Double Entry, in the various departments of Trade and Commerce, including general Wholesale and Retail, Mercantile Exchange, Commission, Shipping, Individual Partnership and Compound, Company Business with Commercial Correspondence in English, French and German. The Student is taught to copy all manuscripts in a bold and rapid hand, which serves as a great auxiliary to him in securing an excellent style of writing—a hand writing in every respect adapted to business pursuits is also warranted to every student who takes a full course with a Diploma.

Through the extensive business acquaintance of the Principal, many of his students obtain profitable situations.

Lady's and Gentlemen's French Class at 4½ P M—Latin Class at 7½ A M, German Class at 8 P M. Evening Classes in Book Keeping, Writing, &c., from 7 to 9.

The principal's references are his numerous Students in prominent situations in the city and those which are scattered through the country and their parents and friends. Students admitted any time, day or evening.—For further information see Circulars.

LESSONS IN Foreign Languages.

MR. AND MRS. J. S. M. DE CRETY, from Paris, for four years past Instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.

Gentlemen and ladies who desire to speak either of these languages, can receive lessons in Reading and Conversation. Mr De Crety furnishing books of the best French authors. Those wishing to learn vocal music in either of those languages will find an competent music teacher in the establishment.

The hours of instruction will be from 9 to 11 o'clock A M, and from 2 to 5 P M. And in the evening from half past 6 to 8, for conversation.

Mr DE CRETY will also give lessons in French, Spanish and Italian at his office to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the Sword and all military exercises. Persons of delicate constitutions and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr De Crety will also form similar classes for children from 10 to 15 years old, at his house or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

To MERCHANTS.—Mr. De Crety will take charge of French correspondence to all the principal cities of France and will procure all Price Currents that they may want.

THE EAGLE STEAM FOUNDRY!

—OF—

TURTON & SERCOMB,

296, 298, 300, 302 and 304 West Water St.

IS STILL IN FULL BLAST, WORKING DAY AND night to supply the daily increasing wants of the Badger and other States.

In order the better to do this, the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing or Shaping Machine, three Lathes, and a Machine for making bolts, and are now putting in a Steam Engine of — horse power to drive the whole, thereby adding to the former facilities for the successful carrying on of the Foundry, Machine, Engine and Blacksmithing business. They never were in a better position for doing business, and

in any department.

In regard to the character of the work got up by this

The Oldest Establishment in the State

the proprietors refer to that in successful operation through the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man.

They continue to manufacture FLOUR and SAW MILL GEARING, and STEAM ENGINES, on the most approved principle.

They have always on hand a large stock of BRASS WORKS, such as GUAGE AND CYLINDER COCKS, OIL CUPS AND COCKS, and STEAM WHISTLES. Also TURTON'S FILES, which they will sell at the lowest cash price.

They are also Agents for ASHCROFT'S PATENT STEAM GUAGES, which are well worth the attention of all those who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

☞ Their motto is, "Excelsior."

Prairie du Chien Land Agency.

THE UNDERSIGNED having purchased an interest in the Prairie du Chien, (lower town) offers on reasonable terms two hundred (200) lots, situated near the depot grounds of the M & M R R Co. I am ready to offer inducements that cannot be surpassed in the State, both as to price, terms and location, to all wishing to purchase a site for business or a desirable residence.

The City of Prairie du Chien being the

Terminus of the M. & M. R. R.,

and situated on the banks of the Mississippi river, tributary to which is the whole State of Iowa and Minnesota, it is unnecessary to make any comments for it to the evident that it must be the second city of Wisconsin.

To any person wishing to make investments, I would say that I have the agency of a large amount of desirable lots owned by the American Transportation Company, in addition to my own, and hereby offer my services to any who desire to make an investment that will prove that

Prairie du Chien is the Point to Double Your Money in Twelve Months.

To my old friends, Railroad Conductors and all others, I will say—call and see, and you will be sure to be rewarded.
